Views of Beautiful Seattle

The Seattle Space Needle is the most high profile structure of the city. It's 50th Anniversary will be in 2012. The downtown skyline inspires all who visit.

Tour One includes the City of Seattle

The Seattle Space Needle as seen from the hilltop north of downtown.

Herm Chambers, Clem Clemons and Ron Zorn relax atop the Space Needle restaurant. Weather was cool in May for our trip, but should be warmer in October 2-6, 2013 for our 2nd Joint Reunion.

Museum of Flight - Boeing Aircraft Company Headquarters

Ron Zorn, Herm Chambers, Mike Rigdon and Clem Clemons visited the museum in 2012 to prepare for the Seattle Reunion. As you can see in just a few photos, this is a comprehensive Air Museum. You will be amazed with the scope and history from early flight thru the Space Age.

First look inside the main aircraft display area, with a SR-71 Blackbird, and dozens of planes hanging from ceiling and around the huge hangar.

Curtis P-40 Flying Tiger Aircraft is just one of over 200 on display.

Another view of the main display area, featuring a F-4 Phantom, a WW II Buzz Bomb, helos and experimental aircraft.

Tour One includes Museum of Flight

Bremerton, WA and the USS Turner Joy Museum

The USS Turner Joy lies at rest alongside the Museum to the Vietnam Era warship.

Tour Two includes Bremerton & Turner Joy

Herm, Ron and Clem hang out by the Aft 5" gun. Ship's motto was "Have Guns, Will Travel"

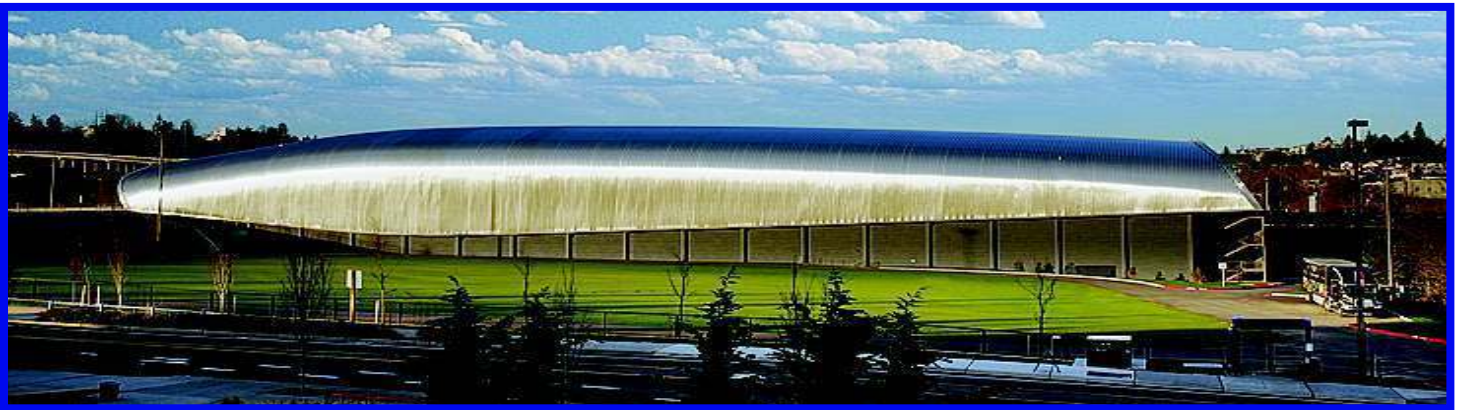

Took an act of congress to pull Ron Zorn away from the DDG's Engine Room.

Crossing Puget Sound on the Bremerton Ferry was always one of the great scenic pleasures of the Seattle Experience.

LeMay Auto Museum - Tacoma - Part of Tour Two

LeMay – America’s Car Museum (ACM) spotlights America’s love affair with the automobile. Featuring a nine-acre campus – with a four-story museum as the centerpiece – ACM, situated at Tacoma, Wash., 30 minutes south of Seattle and in the shadow of Mt. Rainier, is one of the world’s largest auto museums and attractions when it opened in June 2012.

ACM is designed to preserve history and celebrate the world’s automotive culture. The spacious facility houses up to 350 cars, trucks and motorcycles from private owners, corporations, and the LeMay collection, which amassed a Guinness Book record of more than 3,500 vehicles in the mid-‘90s.
